

ILAC Advisory Group

Due to their passion for ILAC, a core group of participants have met over the years to seek sustainability and future ILAC hosts.

In 2015, these individuals decided to formalize a structure and form this group named “ILAC Advisory Group”.

Our Mission

To assist the International Leadership Alumni Conference through promotion, recruitment and support.

ILAC 2019 - North Dakota

Mark your calendars and join us!

July 29—August 1, 2019
Dickinson, ND

MISSION

The MISSION of ILAC is to foster commitment, networking and growth for all agricultural/rural leadership program graduates through communication, professional development and social activities in order to enhance the effectiveness as alumni leaders in their own communities.

GOAL

The GOAL of ILAC is to provide an interactive program that exposes participants to local issues, experiences and outcomes; to manage change, improve concepts, and provide perspective in their own communities.

PURPOSE

The PURPOSE of ILAC is to hold annual alumni conferences for members of agricultural/rural leadership programs and others, that are beneficial to participants, host alumni groups and local communities.

Not Alumni? Not a Problem!

Bring your family, friends, co-workers or employees!

The International Leadership Alumni Conference (ILAC) is a **group of like-minded leaders** who are mostly graduates of rural and agricultural leadership programs from Australia, Canada, New Zealand, Scotland, and the United States.

However, ILAC is designed to **promote networking and professional development** for the alumni of these programs as well as others who are interested in the experience.

ILAC provides a great venue to meet **other alumni** and visit the host state or country and **learn more about their agriculture** and rural issues.....we are celebrating more than **28 years of networking and friendships**.

Are you interested in continuing your Journey?

Visit the ILAC website and join the ILAC E-Mail list so we can keep you informed of opportunities to continue the experience of personal development and learning more about agriculture all around the world.
